Welcome

Thank you for your interest in the work of Moorfields Eye Charity. We believe that people's sight matters and wish to strengthen our committed and passionate staff team by appointing a fundraising officer (maternity leave cover) to join our fundraising and engagement team.

We are the main fundraising and grant-making charity for Moorfields Eye Hospital NHS Foundation Trust (Moorfields) and its academic partner UCL (in particular the UCL Institute of Ophthalmology) two world-leading institutions. We invest in life changing eye health by funding innovative research, equipment, patient care and training – benefitting patients in the UK and around the world.

We have ambitious plans. We are putting into action a new five year business plan that will see us grow to expand from our current commitment to raise and fund around £6m annually to become a £10m a year charity. We're delighted to be growing our team to help us achieve this ambitious goal.

We have a phenomenal once-in-a-century opportunity to create Oriel, a new home for eye care, research and education, bringing together Moorfields and the UCL Institute of Ophthalmology. This new centre is expected to open in 2026-27 and will be located near St Pancras in London. Philanthropy will play a critical role in the delivery of Oriel and we're leading a fundraising campaign, in partnership with UCL, to raise £100m to support this.

We both joined Moorfields Eye Charity because we are passionate about eye health and wanted to support the pioneering work of the world-leading partnership between Moorfields and UCL. The years ahead will be a time of exciting transformation for our charity as we play a pivotal role in creating Oriel, embed a culture of philanthropy across the Moorfields family, increase our fundraising and grant-making, deliver our ambitious strategy and make a difference to people living with sight loss.

We hope you are as excited as we are by the opportunity to play a key role in that journey and thank you for your interest in joining our team.

We look forward to hearing from you.

About the role

Our community and event fundraising programme is at a pivotal stage in its development. As we embark on a huge period of growth, it's imperative that this programme delivers us as many tangible opportunities to engage with our existing fundraisers and inspire them to continue to support us, in a variety of ways, as well as attract new supporters that will help us grow and strengthen this area of fundraising.

We have recently completed our first qualitative market research project to understand more about our supporters and what and how they are motivated to fundraise for us. This piece of work has led us to do some in house quantitative testing of messages and fundraising products which will feed into our new community fundraising strategy.

As well as delivering our flagship fundraising event, Eye to Eye, the maternity cover for our fundraising officer role, will have the opportunity to begin shaping and implementing the outcomes from our market research. This really is a fantastic opportunity to combine excellent stewardship, event planning and strategic experience through strengthening our community fundraising programme.

Working with the head of fundraising and engagement, the fundraising officer will lead on all aspects of planning and delivering Eye to Eye and testing out new fundraising products. You will develop, deliver and grow a pro-active community fundraising programme, looking at all opportunities to promote us across the Moorfields network, UCL Institute of Ophthalmology and wider community. In addition you will support the head of fundraising and engagement with the development of a celebrity strategy working across all teams within the charity.

Impact report, 2022

Role description

Development and delivery of bespoke events

- › Lead the charity's bespoke fundraising event – Eye to Eye and My Eye to Eye, to retain and support existing participants reach their fundraising target, and attract and recruit new participants to strengthen and grow the event.
- › Work closely, and manage relationships with event partners to deliver successful bespoke event safely and against all KPIs (both activity and financial) with a focus on recruitment and retention of participants.
- › Test and develop new bespoke fundraising products as identified by the charity's qualitative and quantitative market research analysis.

Development and delivery of the community fundraising programme

- › Develop and implement the charity's community fundraising strategy to ensure that we start to build on all aspects of it to help strengthen fundraising and engagement across all areas of it.
- › Proactively recruit community fundraisers (grateful patients, staff, supporters who choose their own fundraising activity to raise money for the charity) through strong social media and in-hospital promotions across all Moorfields sites and UCL Institute of Ophthalmology.
- › Ensure that all community fundraisers adhere to the charity's supporter fundraising policy.
- › Deliver appropriate levels of stewardship for community fundraising activities so we provide exemplary stewardship including, but not limited to, providing guidance on fundraising, collecting sponsorship and promoting the fundraising effort.
- › Build on our growing relationship with local Starbucks stores to develop further fundraising opportunities with them, and gift in kind refreshments for events such as Eye to Eye.

Monitor and evaluate the success of the community fundraising programme and bespoke events

- › Monitor and evaluate the performance of the community fundraising programme against agreed set of KPIs and report on the charity's CRM.
- › With head of fundraising and development, set the annual budget and monitor activity against agreed budget, timetable, metrics and measures of success reporting trends and making recommendations for the future.
- › Analyse, review and evaluate activity to adapt the programme as appropriate with an overarching focus on increasing and retaining our supporter base.
- › Work closely with the finance and resources team to ensure that data associated with community fundraising is appropriately managed, imported and exported to the charity's CRM and as required, prepare reports drawn from the CRM.
- › Work in accordance with data protection policies, adhering to best GDPR in all activities.

Promotion of the community fundraising programme and bespoke events

- › Create an integrated digital and print marketing campaign to support the promotion of our bespoke events including Eye to Eye/My Eye to Eye and stewardship of participants to ensure that minimum fundraising targets are met.
- › Prepare copy in-house for written and social media activities for promoting the charity's community fundraising programme.
- › Proactively look for external opportunities to promote our charity engagement volunteer programme eg: at higher education institutes or volunteer fairs.
- › Proactively raise and embed the profile of community fundraising across partner organisations (notably Moorfields Eye Hospital, Moorfields Private and the UCL Institute of Ophthalmology).

Other duties

- › Any other duties as may be requested from time to time by your line manager.
- › Ensure that all activities are compliant with law, best practice and the charity's policies and procedures.
- › Occasional evening and weekend work as required.
- › As a member of the charity team to conduct your work and self to a high standard of professionalism and timeliness, being responsible and polite with all stakeholders. To be collaborative with, and considerate and supportive of colleagues as we work together to meet the common goal of delivering the charity's strategy to maximum impact.

A role description is a reflection of the current position and may change emphasis or detail in light of subsequent developments as the charity is a fast-paced environment. Duties may change from time to time, in consultation with the post holder.

The person
